

# Bushel & Berry® Baby Cakes® Blackberry

(*Rubus* x 'APF-236T' USPP27032)

**Fruit**

**3' - 4' High**

**3' - 4' Spread**

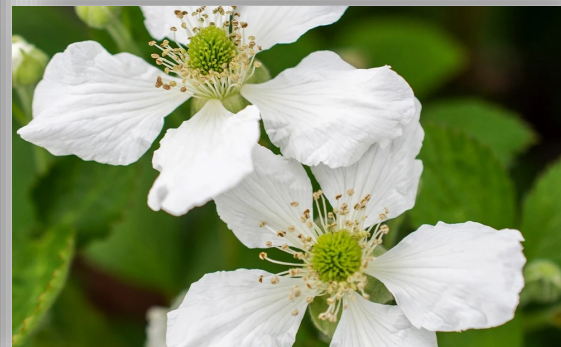

**4 + Hours**

**Dwarf Variety  
Compact Shape**

**Zone 4 - 8**

Bushel & Berry® Baby Cakes® Blackberry is thornless and produces tons of fruit. It is dwarf and stays compact in the landscape. Large blackberries form around mid-summer on the shrub and have a chance to produce twice in one season. A great choice for an easy, rewarding plant to have in the yard.
