*(Rubus idaeus 'Encore')*

**Fruit**

**3' - 4' High**

**3' - 4' Spread**

**4 + Hours**

**Large Fruit  
Summer Harvest**

**Zone 4 - 8**

The Encore Raspberry plant is a magnificent and resilient plant that produces succulent, plump berries. Its thorny stems provide ample protection, while its bright green leaves provide a lush and vibrant backdrop. The berries themselves are juicy, flavorful, and bursting with sweetness, making them a delicious addition to any dish. The plant is also hardy and adaptable, thriving in a wide range of climates and soil types.
