

Dwarf Blue Arctic Willow

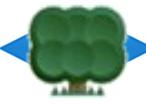

(*Salix purpurea 'Nana'*)

Shrub

4' - 6' High

4' - 6' Spread

4 + Hours

**Rounded Shape
Bluish Foliage**

Zone 2 - 7

Dwarf Blue Arctic Willow is a compact rounded shrub with slender purple gray branches flaring outward. Long narrow blue green leaves appear after the yellow green to gray catkins produced in early spring. When the wind blows, mature plants look like waving wheat fields.
