

# Red Birds in a Tree(Figwort)

*(Scrophularia macrantha)*

**Perennial**

**2' - 3' Tall**

**1' - 2' Wide**

**Bloom Time:  
Summer**

**4 + Hours**

**Zones 4 - 9**

Red Birds in a Tree(Figwort) is a unique, eye-catching perennial prized for its unusual flowers and airy habit. In summer, slender stems branch gracefully above fresh green foliage, bearing small, tubular bright red blooms that resemble tiny birds perched along the branches.
