

# Cherry On Top™ Sorbaria

(*Sorbaria sorbifolia* 'Bococot' USPP33639)

**Shrub**

**4' - 5' High**

**4' - 5' Spread**

**4 + Hours**

**White Flowers  
Red Seed Pods**

**Zone 3 - 10**

The Cherry On Top™ Sorbaria is a striking ornamental shrub, known for its compact, rounded form and vibrant foliage. In spring, the new growth emerges with a bright, cherry-red hue, gradually maturing to a lush, deep green. The finely textured, fern-like leaves add a delicate grace to the garden. In summer, the Cherry On Top™ Sorbaria produces clusters of creamy white flowers, which contrast beautifully with the foliage.
