(*Spiraea japonica* 'DAVCOP01' USPP31996)

Shrub

3' - 4' High

3' - 4' Spread

4 + Hours

**Tri-colored Foliage
Prolific Bloomer**

Zone 4 - 9

Empire® Northern Lights™ Spirea is a compact, hardy shrub celebrated for its vibrant, multi-season interest. In spring, new growth emerges in striking bronze-red tones that mature to rich green, providing a colorful backdrop throughout the season. In early to mid-summer, the plant produces abundant clusters of soft pink flowers that attract pollinators and add airy texture to the landscape.
