

# Tara Dropseed

(*Sporobolus heterolepis* 'Tara')

**Perennial Grass**

**2' - 3' Tall**

**8" - 12" Wide**

**Full Sun**

**Cutback in Spring**

**Zones 3 - 9**

Tara Dropseed is a hybridized variety of the native Prairie Dropseed with a thinner spread. Tall flower spikes grow above the foliage in late summer. It is a low maintenance grass; simply cut back once a year.
