

# Hummelo Betony

(*Stachys monieri* 'Hummelo')

**Perennial**

**18" - 20" Tall**

**16" - 18" Wide**

**Bloom Time:  
Summer**

**4 + Hours**

**Zones 4 - 8**

Hummelo Betony features small, lance-shaped leaves that are dark green and form a low, mounded habit. In summer, it produces spiky, upright flower spikes adorned with numerous small, tubular flowers in shades of soft purple to pink. These blooms attract a variety of pollinators, including bees and butterflies, making it an excellent addition to wildlife-friendly gardens.
