

Sweet Sensation™ Coralberry

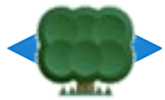

(*Symphoricarpos orbiculatus* 'Sweet Sensation')

Shrub

2' - 3' High

2' - 3' Spread

4 + Hours

**Pink Berries
Late Season Interest**

Zone 4 - 9

Sweet Sensation™ Coralberry is a compact, ornamental shrub prized for its abundant clusters of glossy pink to coral-red berries that develop in late summer and persist well into winter. Small, soft pink flowers bloom in early summer, attracting pollinators before giving way to the colorful fruit.
