

# Baby Kim® Lilac

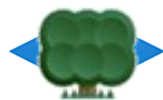

(*Syringa* x 'SMNSDTP' USPP32969)

**Shrub**

**2' - 3' High**

**2' - 3' Spread**

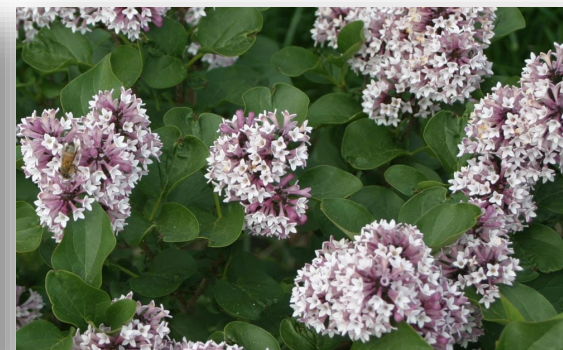

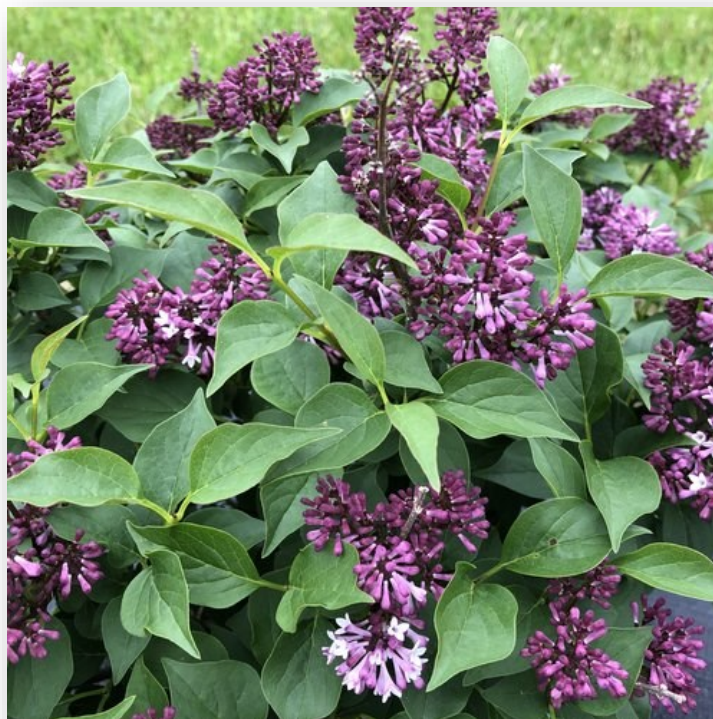

**4 + Hours**

**Compact Variety  
Fragrant Blooms**

**Zone 3 - 8**

The Baby Kim Lilac is a charming and compact deciduous shrub that brings the timeless beauty of lilacs to smaller spaces. Baby Kim Lilac produces abundant clusters of rich purple flowers that exude the classic, sweet lilac fragrance. The blooms stand out beautifully against the dense, dark green foliage, creating a striking visual contrast.
