

Bloomerang® Lilac Tree

(*Syringa 'Penda'* USPP20575)

Ornamental Tree

5' - 6' High
From Graft Point

5' - 6' Spread
From Graft Point

Growth
Moderate

4 + Hours

Spring Blooming
Fragrant Flowers

Zone 3 - 7

The Bloomerang® Lilac Tree blooms in spring and then again in the fall as the weather begins to cool. The traditional lilac varieties only bloom for a few short weeks in spring. Bloomerang's fragrant flowers continue until frost. Trained into a tree form, this compact beauty makes a great ornamental tree for your landscape or garden. It works great as a foundation planting or as part of the mixed border.
