(*Syringa meyeri 'Palibin'*)

**Ornamental Tree**

**5' - 6' High  
From Graft Point**

**5' - 6' Spread  
From Graft Point**

**Growth  
Moderate**

**4 + Hours**

**Spring Blooming  
Fragrant Flowers**

**Zone 3 - 7**

This Dwarf Korean Lilac is a beautiful and popular patio shrub that is smothered in stunning panicles of fragrant lilac purple flowers at the ends of the branches in late spring. This shrub-on-a-stick makes a great accent piece to any landscape. Being a relatively low maintenance tree, it should only be pruned after flowering to avoid removing any of the current season's flowers.
