

Flowerfesta® White Dwarf Lilac Tree

(Syringa meyeri 'Anny200810')

Ornamental Tree

**3' - 5' High
From Graft Point**

**3' - 5' Spread
From Graft Point**

**Growth
Moderate**

4 + Hours

**Spring Blooming
Fragrant Flowers**

Zone 3 - 7

In late spring, the plant is covered with dense clusters of fragrant, pure white flowers that attract pollinators such as bees and butterflies. Unlike traditional lilacs, the Flowerfesta® is known for its **repeat blooming**, producing a second flush of flowers later in the summer, ensuring extended garden interest.
