

# North Pole® Arborvitae

(*Thuja occidentalis* 'Art Boe' USPP22174)

**Evergreen Tree**

**10' - 15' High**

**3' - 7' Spread**

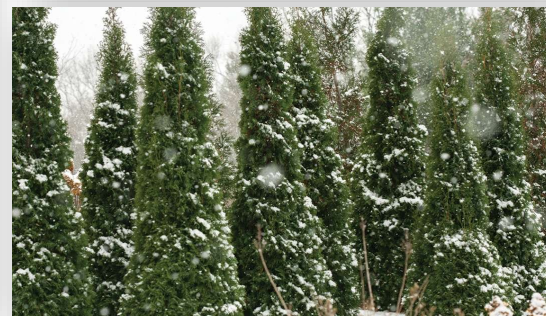

**Growth Moderate**

**4 + Hours**

**Zone 3 - 7**

North Pole® Arborvitae is an extremely hardy columnar shrub. It can be planted as a specimen or as a windscreen. It is evergreen and will resist wind burn throughout winter months. A great alternative to Emerald Green Arborvitae.
