

# Purple Carpet Creeping Thyme

(*Thymus praecox* 'Purple Carpet')

**Groundcover**

**3" - 6" Tall**

**12" - 18" Wide**

**Bloom Time:  
Late Spring**

**4 + Hours**

**Zones 4 - 9**

Purple Carpet Creeping Thyme is a low-growing, aromatic perennial prized for its dense mat of tiny green leaves and masses of vibrant purple flowers that appear in late spring to early summer. This hardy groundcover spreads gently to form a colorful carpet, making it ideal for edging, rock gardens, pathways, and filling gaps between stepping stones.
