

# Redmond Linden

(*Tilia americana* 'Redmond')

**Shade Tree**

**40' - 60' High**

**25' - 35' Spread**

**Growth  
Moderate**

**4 + Hours**

**Spring Blooming  
Understory**

**Zone 5 - 8**

This tree starts off as a pyramid shape in it's youth, then matures into an oval shape with age. Lindens are notoriously beautiful trees with little flowers and an impressive gold yellow fall color. The leaves of the tree are heart shaped and the flowers are great attraction for pollinators. A great choice for existing or new landscapes.
