

# Summer Snow Canadian Hemlock

(*Tsuga canadensis* 'Summer Snow')

**Evergreen Tree**

**8' - 10' High**

**6' - 8' Spread**

**Growth Slow**

**4 + Hours**

Summer Snow Canadian Hemlock is a graceful, slow-growing evergreen valued for its elegant, cascading habit and soft, feathery foliage. Its deep green needles are highlighted by creamy white new growth in spring and early summer, creating a striking contrast that adds seasonal interest.

**Zone 4 - 7**
