**Shade Tree**

**60' - 70' High**

**50' - 60' Spread**

**Growth  
Moderate**

**4 + Hours**

**Yellow Fall Color  
Vase Shaped**

**Zone 4 - 9**

Accolade™ Elm is a deciduous shade tree known for its graceful form, vigorous growth, and exceptional resistance to Dutch elm disease. It has dark green, glossy leaves that are serrated and oval-shaped, providing a dense, attractive canopy during the growing season. In fall, the foliage transitions to a soft yellow.
