

Summer's Swan Song Ironweed

(*Veronia* x 'Summer's Swan Song' USPP28556)

Perennial

2' - 2.5' Tall

3' - 4' Wide

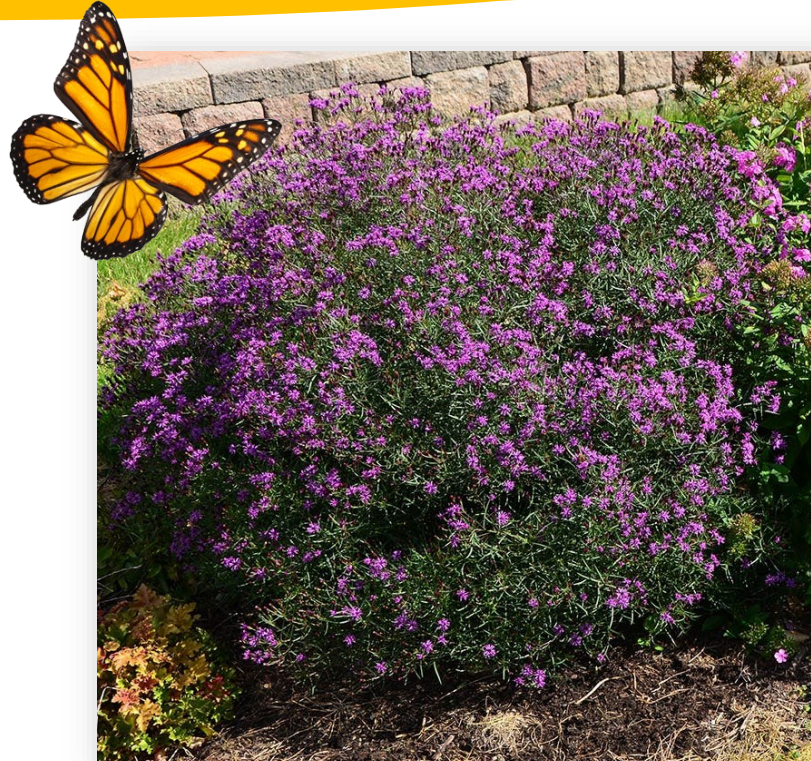

**Bloom Time:
Late Summer**

4 + Hours

Zones 4 - 9

Summer's Swan Song Ironweed is a striking late-season perennial that brings dramatic color and graceful structure to the garden just as many plants begin to fade. Forming a sturdy, upright clump of deep green foliage, it sends up strong stems topped with airy clusters of vivid purple flowers that appear in late summer and persist well into fall.
