

# Autumn Jazz® Viburnum

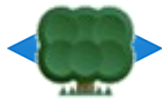

(*Viburnum dentatum* 'Ralph Senior')

**Shrub**

**10' - 12' High**

**8' - 10' Spread**

**2 + Hours**

**Spring Bloomer  
Black Berries**

**Zone 4 - 8**

Autumn Jazz® Viburnum is a large shrub that produces white flowers in late spring. It will form blue-black berries which are great for wildlife forage in the early summer persisting into fall. The Dark green foliage turns an array of colors from yellow, orange, and red. A great shrub for a large hedge.
