

Vinca Minor

(*Vinca minor* 'Bowles')

Groundcover

3" - 6" Tall

24" - 36" Wide

**Bloom Time:
Summer**

0 - 4 Hours

Zones 4 - 9

Vinca minor, commonly known as Periwinkle or Creeping Myrtle, is a charming evergreen ground cover admired for its glossy foliage and delicate, star-shaped flowers. This versatile ground cover is prized for its ability to suppress weeds and provide erosion control on slopes. It can be used to carpet large areas under trees, fill in gaps between stepping stones, or edge garden beds.
