

May Night Salvia(Improved)

(*Salvia x sylvestris* 'May Night')

Perennial

12" - 24" Tall

12" - 24" Wide

**Bloom Time:
Summer**

4 + Hours

Zones 4 - 9

May Night Salvia(Improved) blooms prolifically throughout the late spring and summer. With deep purple-blue flowers, it is sure to stand out in any landscape. It is an outstanding perennial with excellent cold hardiness, vigor, and tolerance of heavy clay soils. If dead-headed it will rebloom later in the summer with another mass of abundant flowers. May Night Salvia(Improved) is hybridized to grow more upright and less likely to flop mid-summer.
