

'Elijah Blue' Blue Fescue

(Festuca glauca 'Elijah Blue')

Perennial Grass

12" Tall

12" Wide

4 + Hours

Cutback In Spring

Zones 4 - 8

Blue Fescue is small but visually effective. The blue leaves contrast dramatically with other garden colors and flowers in early summer. Use on slopes, berms and rock gardens, or tucked in anywhere with good drainage. It is intolerant of wet soils. Fun fact: Blue Fescue is an evergreen in mild climates, but in Iowa it will eventually turn brown like other grasses.
