

# Coral Bells

(Heuchera)

**Perennial**

**8" - 12" Tall**

**12" - 18" Wide**

**Bloom Time:  
Summer**

**0 - 4 Hours**

**Zones 3 - 9**

Coral Bells come in various shades of colors, including green, burgundy, silver, and purple. The foliage is often deeply lobed or ruffled, adding texture and visual interest to garden landscapes. Coral Bells also produce small, bell-shaped flowers on slender stems. The flowers can be white, pink, coral, or red, depending on the cultivar. The bloom time is usually in late spring to early summer.
