

Blue Prince & Princess Holly

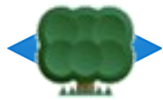

(*Ilex x merserveae* 'Blue Prince' + 'Blue Princess')

Shrub

6' - 12' High

5' - 10' Spread

4 + Hours

**Evergreen
Vibrant Berries**

Zone 4 - 7

Blue Prince & Princess Holly are two plants in one container. Holly needs pollination to produce the vibrant berries later in the season. The foliage stays evergreen throughout the entire year. Both 'Blue Prince' and 'Blue Princess' hollies are popular choices for ornamental landscapes due to their attractive foliage and the striking contrast provided by the berries on the female plants.
