1' - 4' Tall

1' - 3' Wide

**Bloom Time:
Summer**

4 + Hours

Zones 4 - 8

The Tall Garden Phlox is a perennial flowering plant known for its vibrant clusters of fragrant, colorful blooms. Its flowers, which appear in summer and last into early fall, range in color from white and soft pink to vivid shades of purple, red, and even bi-colored varieties. The blooms are densely packed into large, rounded clusters, attracting butterflies, bees, and hummingbirds.
