

# Red Tipped Norway Spruce

(*Picea abies* 'Rubra Spicata')

**Evergreen Tree**

**20' - 25' High**

**10' - 15' Spread**

**Growth Moderate**

**4 + Hours**

**Zone 3 - 8**

This cultivar is prized for its distinct red-tinged new growth, which gradually matures into rich green needles, creating a stunning contrast throughout the year. The tree has a narrow, pyramidal shape with dense branching, giving it a compact, yet full appearance.
