Iowa Native

Shade Tree

60' - 80' High

60' - 80' Spread

**Growth
Slow**

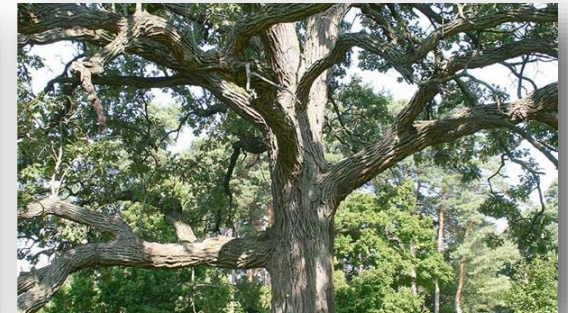

4 + Hours

**Hardwood
Unique Bark**

Zone 3 - 8

The Bur Oak is the state tree of Iowa! An unmistakable tree with gnarly branches and round lobed leaves. Its leaves will turn yellowish-brown in the fall. The Bur Oak will produce large acorns with a conspicuous fringe that covers most of the nut.
