

# Fine Line® Buckthorn

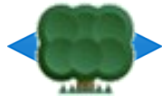

*(Rhamnus frangula 'Ron Williams')*

**Shrub**

**5' - 7' High**

**2' - 3' Spread**

**4 + Hours**

**Columnar Shape**  
**Yellow Fall Color**

**Zone 2 - 7**

Lacy fern-like foliage combined with a narrow columnar habit make the Fine Line® Buckthorn great for adding texture and shape to the garden. It can easily be used to make a hedge row, or it can be used as a single accent plant. Foliage turns yellow in fall adding extra interest to this upright shrub. The Fine Line® Buckthorn is a non-invasive cultivar that is also deer and drought tolerant.
