

Korean Spice Viburnum

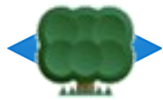

(Viburnum carlesii)

Shrub

4' - 6' High

4' - 6' Spread

2 + Hours

**Fragrant Blooms
Red Berries**

Zone 4 - 8

The Korean Spice Viburnum has large snowball like clusters of spicy-scented, waxy pink flowers that change to white. In the fall it has burgundy foliage and bright red berries that fade to black. The berries attract birds in the fall as well. Due to its three season beauty it makes a nice addition to any patio or window area where the fragrance of this shrub can be enjoyed.
