## FREE SEPTIC PUMP-OUT & Educational Training

### Decentralized Wastewater Septic System Technical Assistance for Homeowners located in Franklin and Pittsylvania Counties in Virginia

The Southeast Rural Community Assistance Project, Inc. (SERCAP) and the Virginia Environmental Endowment Grant Program (VEE) are offering a FREE Septic Pump-out and Drinking Water Well and Decentralized Wastewater Septic System Education Training for homeowners in Franklin and Pittsylvania counties, Virginia.

The training is virtual and will cover essential topics, including the operation of septic and well systems, the importance of regular maintenance, methods to prevent contamination, and strategies to protect public health and the environment.

Qualified homeowners will receive **up to \$450.00 subsidy** for a septic pump-out, a **no-cost well assessment**, and **no-cost water quality testing** upon completing the virtual training.

#### Eligibility Requirements for the Septic Pump-Out Assistance Program:

- The property must be **owner-occupied** and serviced by a **septic system** and a **private well or spring**.
- The homeowner's income must be **at or below** the Virginia low to moderate income limits
- The homeowner must complete the virtual self paced **training**
- **Homeowner is also eligible for a drinking water sampling** on or near their property for research purposes

Don't miss this opportunity to learn from experts and ensure the safe and successful operation of your home's water and wastewater system. All are invited!

**Registration Application** - Drinking Water Well and Decentralized Wastewater Septic System Education Training. There is **no fee charged** for this septic pump-out and training. Please use the QRL code, or contact Jermaine Niblett at [jniblett@sercap.org](mailto:jniblett@sercap.org) or Joe Fields at [jfields@sercap.org](mailto:jfields@sercap.org) to register for the this opportunity.
