## COMFORT IS KEY

A warm, homey room like this will be your whole family's favorite place to be. In this transitional design, we layered versatile neutral shades from cool Peppercorn wood stain to warm taupe wall paint. This casual environment is the perfect backdrop for your unique antiquing finds, and glass-front cabinets give you an elegant way to display family photos, beloved books, and more.

**THIS ROOM:** (Classic) Lansing in Peppercorn on oak and Smoke on cherry accents with Beveled glass inserts and faithful companion, Stanley.

A. Beveled glass insert | B. Floating shelves  
C. Custom fireplace mantel

# LANSING

As the afternoon comes to a close, everyone needs a little time to unwind. In this cozy space, even your pup will have the perfect place for a nap.

## Cozy Up to Neutrals

If your family loves to gather around the fire, you know you need to make it a perfect place for snuggling. We matched the mantel to the cabinetry to keep the room's calming neutral palette, and added coordinating open shelves that make any décor shine.

## AIRY URBAN TRANSITIONAL

This bright and inviting space brings together the best of transitional and contemporary style. A palette of bold Carriage Black cabinets with bright white walls and pops of sunny yellow feels crisp and fresh. We love how the no-nonsense industrial fixtures complement the classically versatile Shaw Flat Panel doors.

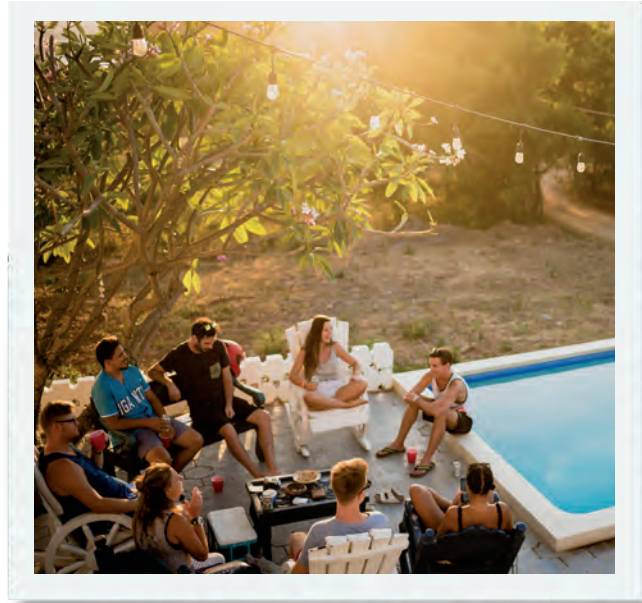

### Show Your Style

Keep that eclectic collection of dishware within reach for impromptu dinners with friends. The glass doors and contrasting white-painted cabinet interior showcase your favorite pieces.

**THIS KITCHEN:** (Iconic) Shaw Flat Panel in Carriage Black and Clear glass inserts | A. Shiplap back panel in Sea Salt and Clear glass inserts | B. Decorative leg Style R | C. Floating shelf with Salon corbel

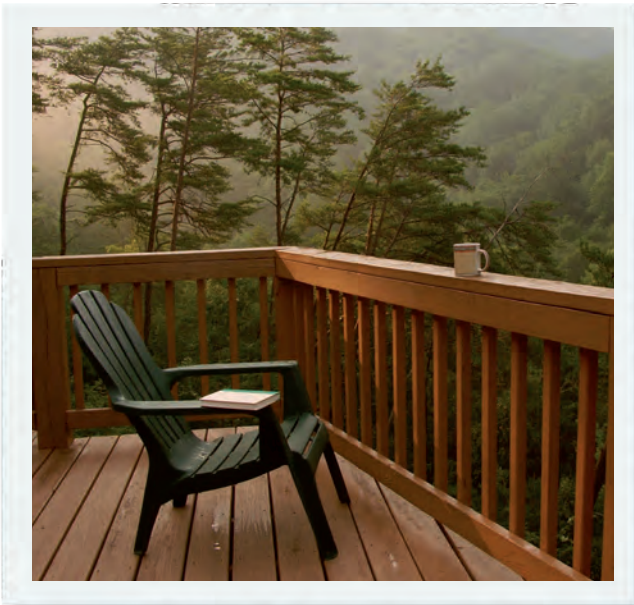

# SHAW

Whether you're getting ready for a family grill-out on the patio or a get-together with friends, your kitchen should showcase your style and make cooking a cinch.

## It's All in the Details

Small details complement the minimalist feel of this room. Clean-lined corbels and furniture-style legs with subtle details give a transitional vibe to the room.

# LAWSON

Coupling clean, modern styling with unrestrained naturalism, this dining room brings both style and function with built-in cabinets as a background emphasis to the focal point natural stone fireplace.

THIS ROOM: (Iconic) Lawson Reverse Raised Panel in Shadow on maple, accents in Cappuccino on cherry

### ELEGANCE AND NATURAL CHARISMA

While it takes its cues from the outdoors, the Vogue Crafted trend offers a more well-defined profile than other nature-focused trends. Governed by design choices both calculated and capacious, Vogue Crafted makes style demands that present a truly satisfying challenge. This vast, open dining room is punctuated with reminders of nature through rich materials, natural light, rough stone, and muted brown or black tones.

### Custom to Your Specifications

Limited only by your imagination, we can build to your unique specifications to create items specific to your design needs.

## COMFORTABLY MODERN CHIC

As a study in complementarity, this kitchen is proof you can stay in budget without sacrificing style. We paired bold Celeste paint with fresh Magnolia and neutral Biscotti stain in this on-trend kitchen. Contemporary slab doors contrast with timeless Shaker-style doors and neutral flooring, countertop, and backsplash choices tie it all together.

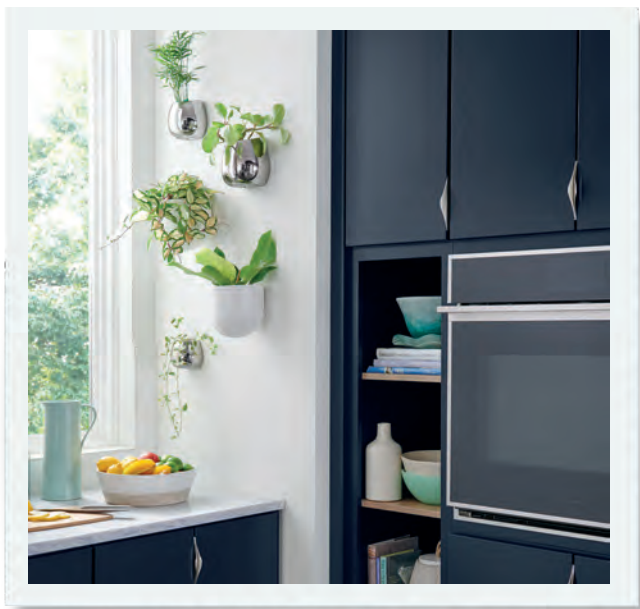

### Distinctly Unique

Biscotti-stained panels enhance this custom-made hood, creating a focal point with a personalized touch.

**THIS KITCHEN:** (Classic) Calhoun in Magnolia; Devin in Celeste; with Lennon in Biscotti on maple  
A. Field-installed custom hood  
B. Pull-out waste cabinet  
C. Deep Drawer Divider

# CALHOUN & DEVIN

You'll be your friends' favorite host with a kitchen perfect for entertaining. This space is inspired by Mid-Century Modern styling and Scandinavian simplicity.

## Style Concealing Storage

A sleek wall of slab-style cabinets contains a wealth of hidden treasures from drawer dividers to a double waste bin. We love how the two-drawer base creates artistic balance while offering plenty of storage space.

## ORGANIC LAGOM

The lifelong search for “just right” may end here. Organic Lagom is a trend that seeks to achieve balance through sustainable, socially conscious lifestyle choices. Related to another Scandinavian-born trend, Hygge, Organic Lagom is less minimalist and weaves neutral and natural together. Favoring greenery, earth tones, elemental textures or fabrics, and meaningful items gathered on life’s journey, this trend cherishes a genuine connection to comfort.

**THIS KITCHEN:** (Iconic) **Cade** in Coffee Break and Chai Latte on maple, accents in Caribou on quartersawn oak | **A.** Espresso Bar | **B.** Appliance panels | **C.** **Cade** features an ultra-thin, beveled profile

# CADE

Whether you're refreshed by the presence of plant life, your senses are awakened by the feeling of unique textures, or you just enjoy the warmth of deep, natural hues, a wealth of design inspiration awaits just outside your door.

### Hidden Storage

Create a seamless look to any wall by adding matching appliance panels to your kitchen essentials.

## MODERN MOUNTAINSIDE RETREAT

We love how this design combines clean lines and rugged textures. In this kitchen, we mixed heritage elements like shiplap and X-end columns with sleek contemporary features like cool gray Perfect Storm paint and the Blaine door. Unique backsplash tile with a handcrafted feel and plenty of natural light add to the organic feel.

**THIS ROOM:** (Iconic) **Blaine** in Dockside on maple and Perfect Storm with hiking companion, Luna | **A.** Our Dockside stain is a mid-tone gray-brown with opulent shades of mink and charcoal  
**B.** Island end with X-end columns

# BLAINE

After a fresh-air morning meditation with your canine best friend, enjoy the comfortable solitude in a space as naturally calming as the great outdoors.

### Shades of Earth

With its rich gray-brown hue, Dockside enhances any room. And just like your favorite riverside spot to enjoy a cup of coffee, this finish lends itself to a comfortable, natural environment.

### Geometric Details

We used X-end columns on the center island and shiplap on the wood hood to add a reclaimed feel and visual interest to this design.

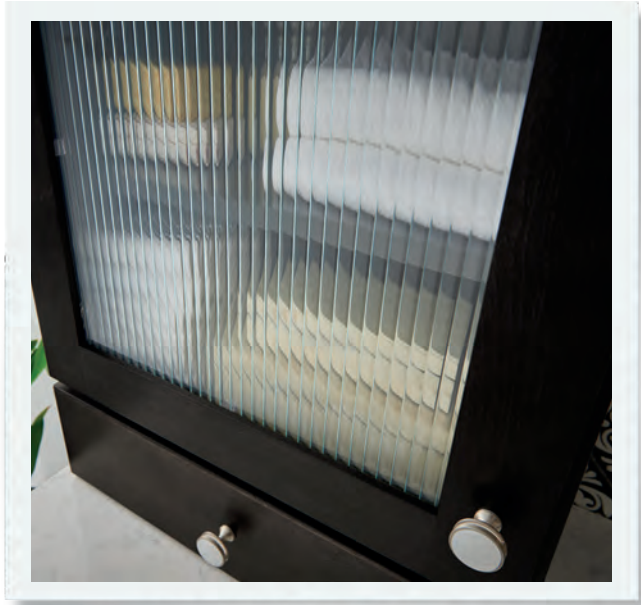

## SOPHISTICATED AND SERENE

Clean-lined, flat panel doors and reeded glass inserts create an environment of contemporary simplicity. Twin vanities conceal a multitude of bathroom essentials, and rich Onyx stain paired with fine furniture details give them a luxe feel. Subtle Mid-Century Modern elements like the custom shower design and generous windows complement sleek stainless fixtures and bold patterned wallpaper.

**THIS BATHROOM:** (Classic) Calhoun in Onyx on maple with Vertical Reeded glass | A. Counter cabinet with drawer | B. Tilt-down hamper | C. Cross-mate wine storage

# CALHOUN

After a busy day, relax in a bathroom that's designed to refresh. Create your own spa-like retreat filled with refined details.

### Make it Your Own

This vanity is packed with purposeful, personalized storage. There's a dedicated drawer for beauty tools plus a pull-out waste basket, a tilt-down hamper, and towel storage.

# CLAYTON

Settling in after a full day starts with a space that welcomes you home and gives Willow, the designated family greeter, a moment to greet you, too.

THIS ROOM: (Classic) Clayton in White Icing and Eagle Rock on cherry | A. & B. Boot bench

### CLEAN LINES, CLEAN LIFE

Even though the laundry room is for cleaning up messes, that doesn't mean it has to look messy! Craft an uncluttered, airy design by using classic, neutral finishes and open shelving. And, setting aside a dedicated space for the family pet can be part of a lived-in but elevated design.

B

**Cozy, Rustic Charm** Pairing warm wood with a bright white finish can help your design stay true to this rustic style's unique character. With details like vintage style hooks and classic, clean shiplap planks, you can echo the cozy vibe of a country home.

## THE FARMHOUSE, REIMAGINED

Split Shaker-style doors, understated moldings, the island's rustic finish, and warm wood tones throughout evoke the feel of a comfortable country kitchen. We gave this style an on-trend twist with warm gray Macchiato paint in place of traditional white.

**THIS KITCHEN:** (Iconic) **Salinger** Flat Panel in Macchiato, Eagle Rock Sable Glaze and Highlight on cherry, and desk in a Finish Select color; **Salinger** Reverse Raised Panel in maple Peppered Appaloosa | **A.** Desk in a Finish Select color can reflect your personal style | **B.** Island in **Salinger** Reverse Raised Panel in Peppered Appaloosa on maple

# SALINGER

Gather family and friends with pride in the rich, traditional style of your Salinger kitchen. Distressed finishes intertwine with warm wood tones, creating an inviting space where meals become lasting memories.

## Continuous Style, Practical Function

Reflect your unique personal style with our custom color-matching option. A fun family heirloom like Grandma's one-of-a-kind blue trunk can be the inspiration for an eye-catching statement piece.

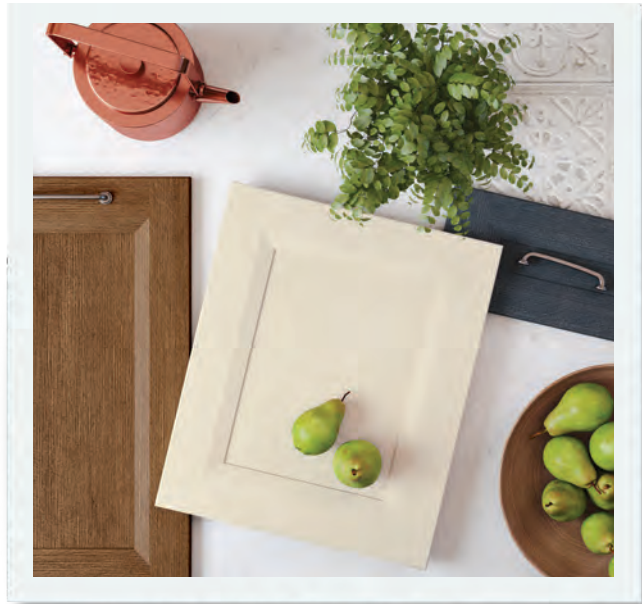

## GLOBAL HERITAGE

Offering a bold departure from traditional American kitchen design, Global Heritage is inspired by the ongoing search for personal identity and our origins. This trend aims to make memorable style statements through confident patterns, saturated tones, and rich metallics. Designs with a Global Heritage look are not so much achieved as they are curated. Increasingly popular, this trend embraces where we've been and celebrates where we're going.

**THIS KITCHEN:** (Iconic) **Marblehead** Reverse Raised Panel in Marten on quartersawn oak, **Marblehead** Flat Panel in Irish Crème on maple; Island in **Marblehead** Reverse Raised Panel in Night Sky on quartersawn oak. | **A.** Base with paper towel holder | **B.** Base pull-out with step stool | **C.** Sink base with large drawer and tilt-out tray

# MARBLEHEAD

Your own sense of personal luxury is tied with convenience in a room where you can make and share memorable moments. An artistic collection of colors, materials, and textures together can birth a meaningful space that's warm and welcoming.

## Simplified Organization

Modern kitchens demand innovative solutions to common, everyday organization needs. Kitchen supplies, trash bags, dish towels, and more are all available in one simple move provided by a single slide drawer. Cleaning has never been easier.

## TRADITIONS WITH A TWIST

In this welcoming kitchen, we gave beloved traditional styling an on-trend update. Instead of using typical raised panel doors, we chose these timeless flat panel styles in fresh Eucalyptus paint warmed with Espresso stain. Creative design solutions, like finding a way to make wall cabinets stretch to the ceiling, give the room a high-end feel while still being cost-conscious.

**THIS KITCHEN:** (Classic) Henning in Espresso on maple and Stillwater in Eucalyptus | A. Crossmate wine cabinet | B. Island with ample seating

## HENNING & STILLWATER

This warm and comfortable kitchen sets the mood for a memorable gathering whether you're hosting the party—or just making a meal for the family.

### Stay in the Action

This room wouldn't be complete without the generous center island. With plenty of surface area, it's the perfect place to chat with guests while laying out more appetizers.

### The Makings of a Modern Classic

We love how this eye-catching hutch (left page) adds to the timeless feel of the kitchen with its furniture details. To bring it into the modern day, we chose trend-forward Eucalyptus paint and added a matching floating shelf above.
