

DESIGNED TO PERFORM

# TERRAZZO FLOORING COLOR CARD

**SHERWIN  
WILLIAMS®**

HIGH  
PERFORMANCE  
FLOORING

# DELANO HIGH SCHOOL

## PROJECT HIGHLIGHT

AFTER CONSIDERING OTHER OPTIONS, THE DESIGN TEAM FOR THE NEW ADDITION TO DELANO HIGH SCHOOL SPECIFIED RESUFLO<sup>TM</sup> TERRAZZO TG FROM SHERWIN-WILLIAMS HIGH PERFORMANCE FLOORING FOR NEARLY THE ENTIRE FLOOR, BASED ON ITS HIGH DURABILITY, EASE OF CLEANING, COLOR-MATCHING CAPABILITIES, OVERALL AESTHETICS AND LOW LIFETIME COSTS.

## CUSTOMIZABLE SOLUTIONS

Looking for a specific gray? We'll help you find the exact match from well over 50 shades. Need to match a difficult red in a corporate logo? We can precisely dial in the tint with customizable color matching for any design.

Looking for a quick way to design a custom terrazzo blend? The High Performance Flooring Visualizer tool has a responsive design, meaning it is fully functional on mobile devices as well as desktops. It gives users endless design options, it is easy to use — and it's fun, too!

Visit [floorvisualizer.sherwin-williams.com](https://floorvisualizer.sherwin-williams.com).

Contact your Sherwin-Williams sales representative or [coatings@sherwin.com](mailto:coatings@sherwin.com) for assistance with your terrazzo project.

# Timeless designs that last the life of your structure.

## **NATURAL, OPULENT MATERIALS TURN FLOORS INTO WORKS OF ART**

A stunning lobby. A sophisticated school. Colored marble, granite chips or other approved aggregates are combined with high solids and pigmented epoxy resin and then polished to reveal their natural beauty. Explore the unlimited color and aggregate pattern possibilities for a floor that complements your structure's design.

## **COST EFFECTIVE AND EXTREMELY HARD WEARING**

Terrazzo's amazing aesthetics are only the beginning. The easy-to-clean and seamless finish is ideal for high-traffic areas such as schools, airports, hotels, hospitals, convention centers and government buildings. And it's cost effective. Terrazzo floors will typically last the lifetime of the structure. While other flooring options may require many repairs or eventual replacement, terrazzo floor systems require minimal maintenance.

## **A SUSTAINABLE SOLUTION**

Sherwin-Williams Resuflor™ Terrazzo TG system meets Green Building Council's LEED® requirements for low-emitting materials as well as materials and resources credits. Its long lifecycle and minimal maintenance needs offer a lower environmental impact compared to other flooring options. In addition, terrazzo requires only water and neutral liquid cleaner to maintain its finish.

Formulations using premium aggregates will increase the cost compared to standard aggregates. This reproduction approximates actual color. This reproduction may not match actual finished system. Variations may be encountered on actual projects based on gloss, finish coat and texture. We recommend actual approvals to be based on contractors' submitted actual samples.
