A 3D architectural rendering of a modern, two-story house. The house features a dark grey and light grey exterior. The main entrance is centrally located, featuring a black door with a small black awning above it. To the left of the entrance is a large window, and to the right is another large window. The house has a flat roof with a white trim. The surrounding landscape includes a green lawn, trees, and a blue sky with some clouds. The house is set on a concrete foundation with a small set of steps leading to the entrance. There are some plants and flowers in the front yard, including a large yellow flower bed and some green shrubs. The overall style is modern and minimalist.

Some features shown on renderings may not be available or will have to be done on-site by others

Manorwood Homes are constructed to meet or exceed various state building codes. Equipment, colors, material specifications, prices and model availability are subject to change without notice. Some exterior attachments as shown on elevations are materials required to be supplied locally or installed by others on site. Your purchase contract is with your builder/dealer who is an independent contractor, not our agent, and is responsible totally for any alterations, exchanges, additions or attachments made in or to your home. Customized floor plans are available. (rev. 041823)
