SINCE 1996

Daily Rain's Client Hub powered by Jobber

In 2021, we introduced the new CLIENT HUB and SERVICE REQUEST SYSTEM. The new client hub has resulted in our customer's ability to submit requests for service more easily and our ability to respond & schedule more efficiently.

Our client hub gives customers a self-serve experience to view quotes, invoices, and appointments. Notifications sent through the client hub will keep customers in the loop at key points before, during, and after the work is completed.

Here are more of the great new features our client hub offers:

- Submit online requests
- View, approve, and pay quote deposits
- View and pay outstanding invoices
- Set up saved payment methods in a secure Wallet
- Automated appointment confirmations & reminders
- View past and upcoming appointments and invoices

When you submit your first online inquiry through our website, confirm an appointment or pay an invoice, your client hub is automatically created!

Ease and convenience for you!

WELCOME SPRING 2026!

Seasonal Prepaid Services

PREPAID SERVICE OFFERS A CHOICE OF START UP & WINTERIZATION PACKAGE, START UP ONLY OR WINTERIZATION ONLY.

PREPAID SERVICES SAVE YOU MONEY & ENSURE YOU GET ON THE SCHEDULE! PACKAGES ARE LIMITED SO DON'T DELAY!
