

CAPABILITY STATEMENT

Veterans High-Risk Security Solutions, Inc. (VHRSS) specializes in delivering mission-critical security and operational support for government agencies, corporate clients, and large-scale public initiatives. As a veteran-owned business headquartered in Los Angeles, California, we bring combat-tested leadership, rapid mobilization, and proven operational excellence to the most demanding environments. Founded, owned, and led by veterans, VHRSS was built on the principle that military discipline and mission focus are the foundation of performance. Over 50% of our workforce are U.S. military veterans, bringing resilience, integrity, and specialized training to high-risk environments. With more than 70 years of combined experience in military, law enforcement, and private-sector security, VHRSS has the expertise and scalability to execute contracts with precision and confidence.

CORE COMPETENCIES

- **Security Operations & High-Risk Protection:** VHRSS secures 150+ facilities statewide with armed and unarmed officers trained for threat detection, incident response, facility and event security.
- **Rapid Mobilization & Emergency Deployment:** VHRSS has scaled from dozens to hundreds of personnel in days, deploying complete operations without disruption. Our proven ability to stand up large-scale staffing, supervision, and systems under compressed timelines establishes unmatched agility in meeting urgent requirements.
- **Logistics & Full Operational Support:** VHRSS integrates security with logistics, including armored transport, motorcycle escort and all threat level security operations. Led by former Army logistics commanders and law enforcement. We coordinate security, command staff and safety movement, and supply chains with military-grade precision.
- **Program & Risk Management:** Every contract is executed with layered oversight, contingency planning, and continuous quality control. Military-grade planning ensures risks are identified, mitigated, and managed with precision—delivering accountability from the field level to executive oversight.
- **Veteran Workforce Advantage:** Over 50% of our workforce are U.S. veterans who bring discipline, resilience, and adaptability to every assignment. Veterans trained in intense, high-stress environments apply combat-tested experience to civilian operations with proven success, delivering consistent performance, low turnover, and a highly stable, mission-ready workforce.

PAST PERFORMANCE

Dodgers Parade 2025, Los Angeles

Mobilized and coordinated dozens of officers within days to secure an extensive parade route through downtown Los Angeles, executing flawlessly with zero incidents in one of the nation's largest events.

Homeless Shelter Security – Los Angeles (Ongoing)

Managing security for 40 sites, housing thousands of individuals, integrating access control, perimeter defense, and life-safety coordination. Demonstrated unmatched ability to scale quickly, sustain complex housing environments, and protect vulnerable populations across a statewide footprint.

California Department of Transportation (Caltrans) – Statewide Facilities (Ongoing)

Deployed armed and unarmed officers across multiple facilities, safeguarding critical transportation infrastructure. Demonstrated the capacity to manage dispersed locations simultaneously while sustaining compliance and seamless operations.

Palm Springs International Airport (Ongoing)

Secured restricted-access aviation facilities with armed officers operating under TSA regulations, providing uninterrupted coverage in one of the state's most complex transportation environments.

City of Fullerton – Public Works (Ongoing)

Provided round-the-clock armed and unarmed security across municipal facilities, combining rapid incident response with rigorous supervisory oversight in a high-visibility public setting.

California Secretary of State (Ongoing)

Delivered statewide armored courier and security services for sensitive financial operations, ensuring chain-of-custody and compliance under zero-failure conditions.

Super Bowl LVI Operations, Los Angeles

Mobilized and coordinated dozens of officers within days to secure multiple venues under national media scrutiny, executing flawlessly with zero incidents in one of the nation's largest events.

DrilTek, Inc. – California (Ongoing)

Provides dedicated armed and unarmed security services for industrial and critical infrastructure operations, including access control, perimeter defense, and incident response. Supports high-risk construction environments requiring strict compliance with safety protocols and close coordination with site management. Maintains continuous coverage with zero security incidents while integrating seamlessly with operational teams.

VETERANS HIGH-RISK SECURITY SOLUTIONS, INC

VHRSS SERVICE REGIONS

VHRSS is able to provide security services across the entire state of California.
