Addendum #1A

Cost of Attendance Allowances & Academic Program Data

Financial Aid eligibility is limited by the cost of attendance for the students program of study, or for each academic year of a program longer than one year in length. As required by law, the cost of attendance includes both institutional charges, such as tuition & fees, and institutionally determined expense allowances for living costs, transportation, and other allowable expenses. Living costs are required to be included in the cost of attendance calculations regardless of whether housing is provided by the institution or if students reside off-campus.

These expense allowances do not represent fees assessed to students by the institution.

The only fees for which students are liable are the tuition & other fees outlined in your enrollment agreement. These estimated expense allowances are only used for compliance & financial aid eligibility purposes.

**The following monthly expense allowances are used by the
Bucks County School of Beauty Culture
