Service Solutions

Employees of the Month:

Launa was our November Employee of the Month! Launa is an all-star and one of the friendly voices you talk to as you call in to our call center. She is always willing to help! Congrats!

As we enter the season of Thanksgiving, we are reminded how much we have to be grateful for here at John H. Coleman Company. This year carries special meaning as we celebrate **80 years of serving the Knoxville community**—eight decades of heating, cooling, plumbing, electrical, and now pool service support for the families and businesses that trust us every day. Reaching this milestone is something we do not take lightly, and we are deeply thankful for the opportunity to continue doing what we love.

We are incredibly grateful for the many organizations we’ve had the

privilege to support throughout the year. From **Young-Life** and **FCA**, to local school programs and other community initiatives, partnering with groups that make Knoxville stronger is one of the greatest blessings of being a long-standing local business.

Most of all, we are thankful for **our customers**. Your loyalty, your encouraging words, and even your constructive feedback help us grow and serve you better. Every call we take, every installation we complete, and every home we step into is a reminder of the trust you place in us.

We are also grateful for our dedicated team—people who

show up each day ready to work hard, solve problems, and take care of our community with integrity and pride.

As we look toward the future, we do so with full hearts and sincere gratitude. Thank you, Knoxville, for 80 remarkable years. Here’s to many more.

Turkey Trivia: Fun for Thanksgiving

Thanksgiving wouldn’t be complete without a little lighthearted turkey trivia! Wild turkeys are surprisingly speedy—they can run up to 20 miles per hour and even fly short bursts to escape predators. Americans enjoy about 46 million turkeys every Thanksgiving, making it

the day’s true star. And here’s a fun fact: Benjamin Franklin once suggested the turkey would have made a more “respectable” national bird than the bald eagle. Whether you’re cooking, carving, cheering, or napping, may your Thanksgiving be filled with joy, great food, and gratitude!
