.....

We offer safe, quality and developmentally appropriate care for your child with a focus on the individual child's age and ability to stimulate academic, social, cognitive, physical, and emotional growth. Full-time childcare is offered for ages 6 weeks-5 years old as well as part time before and after care for elementary aged children with transportation provided via the Heath School bus system to and from Stevenson and Garfield Elementary Schools.

My boys truly enjoy their time here, and the teachers are wonderful. We always feel welcomed, and the building is consistently clean and well-maintained. Thank you for providing such excellent childcare. I also appreciate the frequent photos and updates throughout the day—it's so reassuring. We had been searching for quality childcare in the Heath area, and we're grateful we waited and found this center.
