You've asked, and after extensive trials, we're proud to introduce a cutting-edge Diesel Fuel designed specifically for modern diesel engines and reducing DPF regeneration systems. MAXX DIESEL IS THE BEST CHOICE FOR YOU!

Product Benefits

01

CLEANS THE ENTIRE FUEL SYSTEM

- Powerful, multi-functional detergent system
- Eliminates Internal Diesel Injector Deposits (IDID)
- Gently removes existing carbon deposits
- Surpasses all industry Detergent specifications

02

ADDED LAYER OF MOISTURE CONTROL

- Protects filters from plugging
- Prevents Water Bottoms
- Prevents icing in fuel
- Inhibits microbial growth

03

SUPERB LUBRICITY EXTENDS ENGINE LIFE

- Extends pump life
- Reduces injector and injector pump wear
- Coats all moving parts with protective layer

04

CETANE IMPROVERS FOR SMOOTH, FAST IGNITION

- Easier starts, especially in cold weather
- Ignites fuel faster for more complete combustion
- Reduces white smoke and knocking during ignition

05

CORROSION INHIBITORS PROTECT METAL

- Forms protective barrier to prevent attacks by corrosive agents
- Prevents pitting and rust formation
- Reduces downtime and repair costs

Field Trial Data

Garrow Oil Appleton Area FIELD TRIAL Jan 2025 – April 2025

Through several **Local Fuel Delivery** Truck Trials to measure the performance of **MAXX DIESEL Premium Fuel** we were able to analyze the real benefit. The difference will shock you!
