Get the Smile You've Always Wanted

It is time for you to have the smile you really want. For some people, a brilliant new smile offers greater self-confidence and self-esteem. For other people, it is a step forward in their professional lives. The reason you make this choice is up to you, but once it is made, we're here to help when you decide that a smile makeover is for you.

With our cosmetic dentistry services, the transformation you can achieve with a smile makeover is stunning.

- Gaps between the teeth can be corrected.
- Broken, discolored teeth or missing teeth can be fixed.
- Misaligned or irregularly shaped teeth can also be a thing of the past.

In our consultation before your makeover starts, we'll find out from you exactly what improvements you would like to make. This is the time

you get to make choices about the aesthetic qualities of your teeth.

At the end of the makeover process, you can have a smile that you are proud to show off to the whole world. That alone is enough to give you a megawatt grin!

It's **football season!** You know what that means, right? Well, football games, of course. But also, tailgating—which is arguably better than some of the actual games. With great tailgates come lots

of **beer** and party games, but an awesome tailgate also consists of great food. And yes, we mean more than just chips. Fun and exciting tailgates can make game day that much more memorable. It's a chance to indulge in some delicious foods with friends, family, and a parking lot full of like-minded fans. Whether you're a first-time tailgater or a seasoned pro, these **recipes** will give you (and your team!) the pregame boost you're looking for all season long.
