— **STANDARD** —
HEATING OIL & OIL BURNER SERVICE CONTRACT

I have read this policy and agree to its terms.

Name _____

Address _____

Home Telephone _____ Cell Phone _____

Period Beginning _____ Period Ending _____

Al's Oil Service agrees to render service to your oil burner in accordance with the following plan and an inspection by one of our service technicians.

For the sum of **\$350.00**

Thoroughly clean one oil burner and boiler once a year. *(Customer should call to schedule)*

No charge when emergency service calls are made on the covered oil burner and its controls.

No charge for repair or replacement of the following parts **under normal wear and usage**:

Burner Motor, Fuel Pump, Transformer, Nozzle, Electrodes, Ignitors, Limit Control, Combustion

Relay, Blower Motor, Pressure Control, Fan & Limit Control, Cad Cell and Thermostat (hand operated only)

This coverage is for 24 hours a day, 365 days a year. However, after hours and weekend calls will be confined to **emergencies** only.

Any other services, such as the repair or replacement of programmable thermostats, smokepipe, anode rods, power venting equipment and any water parts including zone valves, circulators, radiators and water leaks of any kind although not covered by this contract, will be repaired at the same reasonable rates on parts and labor. This contract does not cover oil storage tanks and related equipment in the event of a leak or malfunction. This contract does not include parts or repairs due to frozen pipes, basement flooding or damage caused by electrical surges/ outages. This contract does not cover Primes due to run out (does not apply to Automatic Delivery accounts), or any A/C related parts.

This contract does not cover oil tanks and related equipment in the event of a leak or malfunction. Additional heating units and oil tanks require separate service contracts.

This contract is valid only if all fuel requirements are purchased during the period covered from Al's Oil Service.

Al's Oil Service reserves the right to cancel this policy if customer's account is past due. This contract does not cover malfunctions or damages pre-existing to contract acceptance.

This contract automatically renews itself at then prevailing rates unless notice of cancellation is given by either party prior to expiration of existing contract.

Al's Oil Service will notify customer in advance of any annual increase.

I have read this policy and agree to its terms.

OIL TANK CONTRACT

I have read this policy and agree to its terms.

Name _____

Address _____

Home Telephone _____ Cell Phone _____

Period Beginning _____ Period Ending _____

AI's Oil Service agrees to render service to your oil tank in accordance with the following plan and an inspection by one of our service technicians.

For the sum of **\$85.00** per tank.

Number of tanks at this address _____

Size of oil tank/tanks: #1 _____ #2 _____ #3 _____ #4 _____

I want to cover all tank(s) at this address, unless otherwise noted below.

This contract covers your heating oil tank(s), repairs or replacement of the heating oil tank(s) which are under this contract only. Oil tanks must meet the following criteria to be covered under this plan: (a) tank must be an above ground storage tank; (b) tank capacity must be 330 gallons or less; (c) tank must be inspected by our technicians; (d) tank must be up to current code.

Disposal of oil tank(s), permit fee(s) and any additional charges due to code upgrades are not covered under this contract. Customer agrees to pay any additional charges not covered under contract.

This coverage does not extend to environmental clean up.

You must have a service contract(s) to obtain this coverage.

This contract is valid only if all fuel requirements are purchased during the period covered from AI's Oil Service.

AI's Oil Service reserves the right to cancel this policy if customer's account is past due. Acceptance of this contract by **AI's Oil Service** is contingent upon inspection by our technicians.

This contract automatically renews itself at then prevailing rates unless notice of cancellation is given by either party prior to expiration of existing contract.

AI's Oil Service will notify customer in advance of any annual increase.

I have read this policy and agree to its terms.
