

The mission of CTK Healthcare and Career Institute is to offer quality professional trainings in Healthcare, Information Technology and Business related disciplines.

Loan Repayment Plan

Every student who accepted the direct Loans must pay back the loan amount on time and in full. Therefore, repayment plans should be chosen by student beforehand either through financial aid website- exit counselling or contacting their loan servicer. The Financial Aid Department of CTK Healthcare and Career Institute helps the student to be aware with the details on the repayment plans by providing information as follows:

1. Who is the borrower's loan servicer?
2. What is Principle, types of Loans, Interest, or the total balance
3. Set up the repayment goals
4. Obligations and consequences of the student loan and payment
5. The type of repayment plans and what to do if you don't afford it
6. Information on the pause payments, change your payment plan and consolidate your loans.
7. Help to complete Exit Counseling
8. Educate the borrower about the credit history, taxes, and Default.
