

Wedding Transportation Package | 2.5 hours

First pick up location: from the hotel/residence and transport/drop off to the church. Multiple rounds allowed but location of hotel to Church is deciding factor if multiple rounds are possible within the 2.5-hour window (need time post wedding for transportation to reception) Chauffeur's/vehicles wait outside the church during the wedding.

Second pick up location: after the wedding ends, parties will be transported to the reception venue. Once parties are dropped off at the reception venue, transportation ends.

Additional quotes are needed for transportation outside of the 2.5-hour wedding package such as transportation during the wedding reception, or post wedding reception.

Examples:

- Shuttles to remain at reception after initial 2.5 hours of service have ended and available to transport guests throughout reception and post-reception would be a Charter.
- Shuttles to return to venue after initial 2.5 hours of service has ended for post-reception to transport guests back to the hotel would be a Transfer.
- Bride & Father of Bride (or person walking Bride down the aisle) transportation from hotel to Church would be a Transfer.
- "Wedding Get Away Vehicle" post-reception to transport the bride and groom to the hotel would be a Transfer.

Rehearsal Dinner Transportation Package | 1.5 hours

- Transportation typically involves picking up wedding party from hotel and transporting to Church. Chauffeur(s) wait outside Church while wedding party is "rehearsing" on the wedding logistics. When completed inside the Church, wedding party departs for the "dinner" where the wedding guests are waiting. Once wedding party is dropped off at the rehearsal dinner location (usually a restaurant), Chauffeur(s) are released.

Non-Traditional Wedding Transportation Package | 1 Hour

The 1 Hour Non-Traditional Wedding Package is for those parties that do not need 2.5 hours of transportation. Examples include only needing a Transfer due to the wedding and reception taking place at the same venue or when only a Transfer is needed as outlined in the examples of additional transportation under the 2.5 Hour Wedding Package. Additional Transfer stops Terms & Conditions apply. Note: Non-Traditional Wedding Transportation Package is only offered during non-peak times.
