

Press release

Borsheim Crane Service receives delivery of a Liebherr LTR 1150 telescopic crawler crane at Conexpo 2026

Liebherr delivers an LTR 1150 telescopic crawler crane to North Dakota-based crane company, Borsheim Crane Service, LLC at Conexpo 2026. This delivery will be the 19th Liebherr crane in their fleet.

Las Vegas, NV (USA), Liebherr USA, Co., March 4, 2026 – North Dakota-based [Borsheim Crane Service, LLC](#) receives a Liebherr LTR 1150 telescopic crawler crane at Conexpo 2026. Adding to their comprehensive fleet of Liebherr machines, this crane's economic transport concept and high lifting capacity provides Borsheim with a versatile machine for their wide range of applications.

Tyler Goodman Jr., CEO of Borsheim Crane Service, LLC notes, "We are looking forward to the addition of our LTR 1150 to add to our well diversified fleet, and to continue providing unique solutions for all of our customers."

With a nearly 80-year legacy of crane service excellence, Borsheim Crane Service is known for their crane, rigging, engineering and transportation services across the Midwest. Much of their work is focused on general construction, renewable energy and heavy industrial maintenance projects, and as a result they've designed their fleet to deliver the highest level of safety, efficiency and integrity to any project. This most recent delivery further solidifies the partnership between Borsheim and Liebherr, rounding out their fleet of 19 Liebherr cranes.

Ready for action

The highlight of the [LTR 1150 telescopic crawler crane](#) is not only its high lifting capacity of 170 USt (150 t), but also its compact dimensions and economic transport concept. No other telescopic crawler crane in this class can be transported in full with its crawler carriers on one low loader, making it the perfect machine to cover projects across the Central US region that Borsheim operates in.

Liebherr telescopic crawler cranes combine the benefits of an all-terrain crane and a crawler crane. Equipped with the crawler travel gear of a crawler crane, this machine provides excellent maneuverability that is useful on any terrain. With the telescopic boom of an all-terrain crane, Liebherr

LTR cranes are enabled to achieve a wide range of radii quickly and easily compared to conventional crawler cranes, making it a great fit with the rest of Borsheim's versatile fleet.
