

**NORTHWIND
SOLAR**

Extra 10% Bonus Credit

For Commercial Solar Customers
in Energy Communities

Energy Community Credit

If your business or nonprofits project site is in a qualifying Energy Community, you may be eligible for an **additional 10% federal solar credit on top of the standard 30% federal solar incentive!** For many organizations, that can make solar and storage even more attractive!

What is an Energy Community?

Energy Communities include areas affected by coal mine closures or retired coal plants. Many central Wisconsin businesses and nonprofits qualify.

Why Choose Northwind

- Full turnkey design & install
- 5-year workmanship warranty
- Local, worker-owned cooperative
- Free Estimates
- In-House Service Dept.
- Community Trusted since 2007

Key Solar Benefits

- Lower long-term energy costs
- Reduce exposure to rising utility rates
