

Hyperlite™ Solid Styles

KEY FEATURES

- Contain improved strength and puncture resistance - the ultimate in durability, which is able to withstand puncturing from falling tree branches, deer hooves & the claws (etc.) from other animals.
- Provides 100% Sunlight Blockage, which means there will be NO spring time algae growth in your pool
- Made with PVC-coated polyester fabric, which is why it's 30% lighter than standard solid covers
- Offers our patented "Kleen-Screen" drain, circulating the water in a direction that efficiently filters out dirt, leaves and debris from the surface
- Contains our new, improved Sure-flo full length drain, a standout feature which commands better water flow through the drain while still allowing the ultimate sun blockage; pumps are also available
- Commercial Grade Springs are standard on all Custom Covers – this is \$125 value!
- Fastest turnaround times in the industry!*
- Meets or exceeds all industry safety cover performance standards as set forth in ASTM F 1346-91.
- Contains a standard 15-Year Limited Warranty.
