

Promesh® Styles

KEY FEATURES

- Construction of mesh with a unique weave of polypropylene material that blocks out algae-producing UV rays and resulting in making springtime pool opening a snap!
- A tight mesh material that allows water to drain from the surface, easily filtering out dirt, leaves and debris!
- A fabric, which is nearly 50% lighter than solid covers for easier installation, removal and storage.
- An extra-strength material that provides greater tear resistance and tougher winter wear-ability which is ideal for both commercial and residential use.
- Use of standard, commercial-grade springs on Custom Covers.
- Fastest turnaround times in the industry!*
- Standard or above safety cover performance as outlined in ASTM F 1346-91.
- A standard 15-year limited warranty.
- Coverage under U.S. Patent No. 6,886,187 - 98% Shade
