SCREEN FENCE PANELS

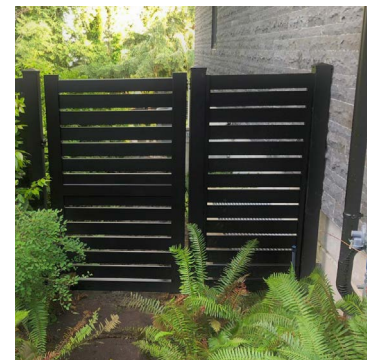

A semi-private modern fence design which will enhance your landscape and secure your property, for a lifetime. SLEEKFENCE™ has been developed by fencing experts to work on any property, in any application.

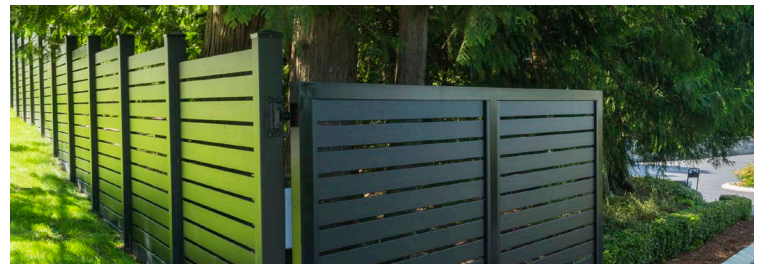

Our Screen Fence is a modern fence design that provides privacy yet lets the light through. It is constructed with 5/8" x 4" horizontal slats with a gap size of 3/4." These fence panels are the height of modern & contemporary style. Our Screen Fence also creates a versatile canvas to showcase bright owners in purples, reds, pinks and yellows. Rather than blending in with their surroundings, plants can shine against the dark surface.

ROOFTOP FENCING SYSTEM

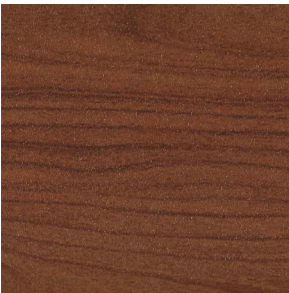

A fencing system designed for rooftop patios and any project involving landscaping or fencing, including mixed-use developments, courtyard amenity spaces and equipment enclosures. Our website's technical resources page, conveniently located in the menu bar at the top of our home page, provides access to helpful downloads, shop drawings, DWG files, and 3D REVIT files.

We stand behind the quality of our products; we offer a comprehensive warranty that covers manufacturing defects. You can access more information about our warranty on our learning hub page, located in the menu bar at the top of the home page on our website. Furthermore, for those seeking our specialized water-tight post system, it's readily available through special order; our shop drawing for that system is on the other side of this page if you'd like to look at it. SLEEKFENCE™ offers five wood grain options for our aluminum fencing, allowing customers to choose a style that suits their preferences. Our lead times range from 10 to 15 weeks, depending on current production schedules, ensuring timely delivery. To obtain pricing information, please request a quote by emailing or calling the number below.

It's important to note that our wood grain look is achieved through the sublimation process, which starts with a solid color base powder-coating that has a wood grain print baked on top.
