We are also a SmartWay partner with the U.S. Environmental Protection Agency (EPA), agreeing to reduce emissions and fuel use in logistics activities. In addition, Konica Minolta is a member of Two Sides, where we take the lead in environmentally conscious printing—educating communities about the importance of sustainable forestry and eco-friendly paper goods.

eco VISION 2050

Konica Minolta Eco Vision 2050

- Reduce CO2 emissions throughout our product life cycle by 80 percent by 2050, compared to 2005 levels*
- Promote recycling and effective use of the Earth's limited resources
- Work to promote restoration and preservation of biodiversity

*Currently ahead of schedule and on track to reach carbon minus status by 2030
